

Investing in our communities

With a crisis, we hope for kindness and generosity. At Guardian Capital, we have not lost sight of our good fortune nor the blessings that safety bestows; it is why, we believe in the power of giving back to the communities in which we live.

In 2020, the world has seen a crisis unfold of an unprecedented nature and at a terrible human toll. Economically, the effect has been catastrophic worldwide, with more families struggling to put food on the table than ever before. We are proud to step up to the table and contribute towards feeding families in Canada. In June, Guardian Capital Associates generously donated over \$30,000 to **Food Banks Canada** and their network of 650 food banks across the country.

We encourage to you support [this worthy cause](#) and your local food bank.
