About Guardian Capital Group Limited

Guardian Capital Group Limited (“Guardian”) is a diversified, global financial services company operating in two main business segments: Investment Management and Wealth Management. As at September 30, 2022, Guardian had C\$47.8 billion of assets under management and C\$26.8 billion of assets under administration, while managing a proprietary investment portfolio with a fair market value of C\$648 million. Through its subsidiaries, Guardian provides extensive investment management solutions to institutional and private wealth clients, while offering comprehensive wealth management services to financial advisors in its national mutual fund dealer, securities dealer and insurance distribution network. Founded in 1962, Guardian’s reputation for steady growth, long-term relationships and its core values of trustworthiness, integrity and stability have been key to its success over six decades. Its Common and Class A shares are listed on the Toronto Stock Exchange as GCG and GCG.A, respectively. To learn more about Guardian, visit www.guardiancapital.com.

Unlike traditional exchange traded funds (“ETFs”), the GuardPath™ Managed Decumulation 2042 Fund (the “GuardPath ETF”) is a unique investment fund structure and investors should carefully consider whether his or her financial condition and investment objectives are aligned with this retirement-focused investment. The GuardPath ETF may be suitable for an investor primarily concerned about having sufficient income in retirement, especially in the later years of their life. It may not be suitable for an investor whose primary objective is to leave capital behind for their estate. The GuardPath ETF is not an insurance company, nor an insurance or annuity contract and unitholders will not have the protections of insurance laws. Distributions provided by the GuardPath ETF are not guaranteed or backed by an insurance company or any third party. The long-term total return and the sustainability of the rate of distributions of the GuardPath ETF may be impacted by volatility and

sequence of returns risk. This is not a complete list of the risks associated with an investment in the GuardPath ETF. Please refer to the prospectus of the GuardPath ETF for details.

This communication is intended for informational purposes only and does not constitute an offer to sell or the solicitation of an offer to purchase Guardian Capital ETFs and is not, and should not be construed as, investment, tax, legal or accounting advice, and should not be relied upon in that regard. Commissions, management fees and expenses all may be associated with investments in ETFs. Please read the prospectus before investing. ETFs are not guaranteed, their values change frequently and past performance may not be repeated. You will usually pay brokerage fees to your dealer if you purchase or sell units of an ETF on the Toronto Stock Exchange ("TSX"). If the units are purchased or sold on the TSX, investors may pay more than the current net asset value when buying units of the ETF and may receive less than the current net asset value when selling them.
